

**Brockhampton Primary School
2025/2026 Sports Premium Strategic Plan**

Number of children	195
Allocation for September 2025 - July 2026	£17150
Rationale	
At Brockhampton Primary school we are fully aware of the importance of Sport and PE. We are committed to providing our children with the opportunities to get to participate in a variety of different sports and games in a competitive environment; to foster a love of sport that remains with them for life and opens opportunities beyond what we offer at school. We provide opportunities to develop healthy, active lifestyles through: 1. the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school 2. the profile of PE and sport is raised across the school as a tool for whole-school improvement 3. increased confidence, knowledge and skills of all staff in teaching PE and sport 4. broader experience of a range of sports and activities offered to all pupils 5. increased participation in competitive sport 6. The importance of Forest School to support children with their mental health and wellbeing The DfE vision is that “all pupils leaving primary school to be physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.” The Primary School Physical Literacy Framework, developed by Youth Sports Trust, Sport England, County Sport Partnership Network, Association of Physical Education and Sports Coach UK describe Physical Literacy as, “the motivation, confidence, physical competence, knowledge and understanding that provides children with the movement foundation for lifelong participation in physical activity. Enabling them to be physically literate supports their development as competent, confident and healthy movers.” The improvements in school will provide additional, sustainable improvements to the provision of PE and sport for all pupils and to encourage healthy, active lifestyles as: • Staff members will have increased their knowledge, skills and confidence teaching Physical Education • Children will be educated about the positives of a healthy active lifestyle • Children will be provided with a broader experience of sports Forest School Forest School at Brockhampton Primary continues to provide a rich, child-led, outdoor learning experience that enhances children's physical, emotional, social, and cognitive development. Sessions take place in our dedicated Forest School area and are delivered weekly to pupils across the school.	

Aims of Forest School

- To build resilience, confidence, independence, and creativity.
- To support physical and mental wellbeing through regular time in nature.
- To promote environmental awareness and responsibility.
- To develop teamwork, communication, and problem-solving skills.
- To provide a safe environment for supported risk-taking and exploration.
